

Immunisation
Supply
Chains

Reboot

TechNet-21

The Technical Network for
Strengthening Immunization Services

ISC Objectives

ESSENTIAL

Actionable data

Prevention of freezing

Optimized distribution system

Enable last-mile outreach

EVM for measurement & diffusion of skills, change... empowerment

Enabling institutions

Delivering as one

ISC Objectives

COMPLEX

“Continuous Everything” – with equity

Learn together - and play

Capacity Development & TA hubs

Interoperability (formerly, *Integration*)

Raise the profile – reach out beyond

Holistic innovation

Context comes first

Would you buy it if you paid?

The future is green – the future is SDG

Community platforms are allies

Humans are the solution

Think **OUTSIDE** the **SILO**
a first step in collaboration

silō

/ˈsɪlō / noun

A vertical building, usually circular, used for the storage of grain.

1. An organizational unit that has poor interaction with other units
2. A structure in the information system that is poorly networked with other structures

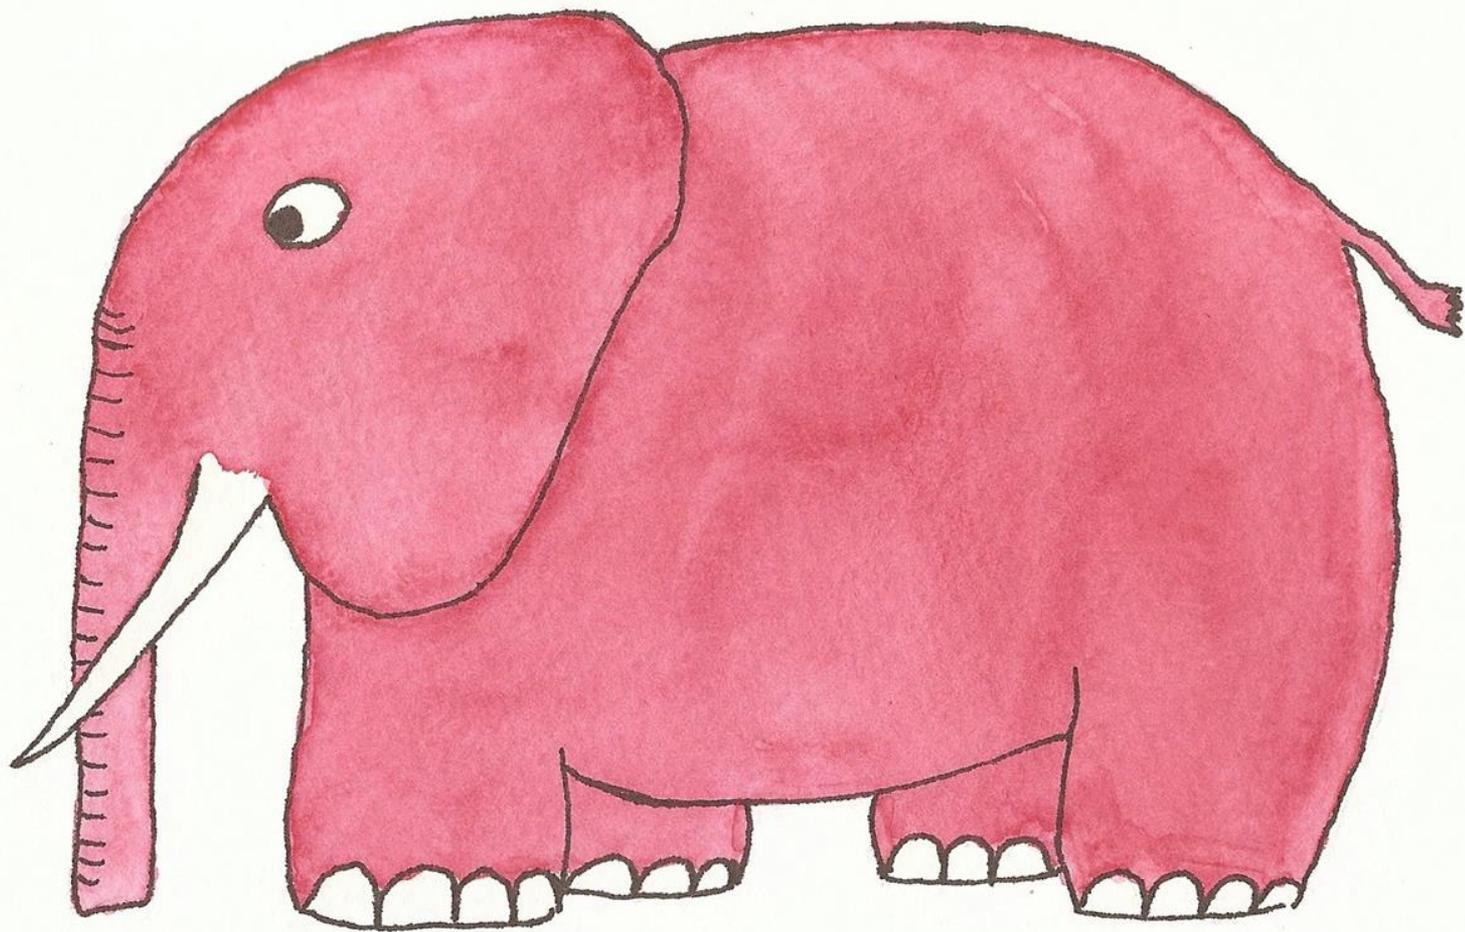

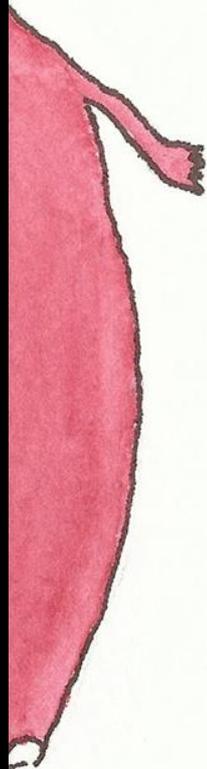

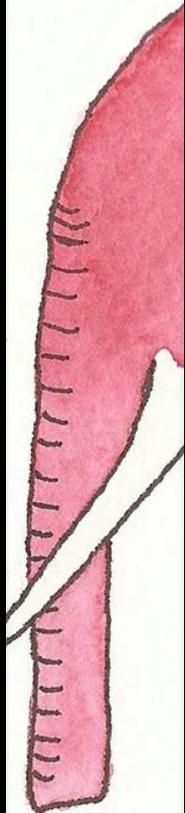

WE  OUR SILOS

TOWER
VISION

PRIORITIES DON'T LINE UP

I need apps

I need help

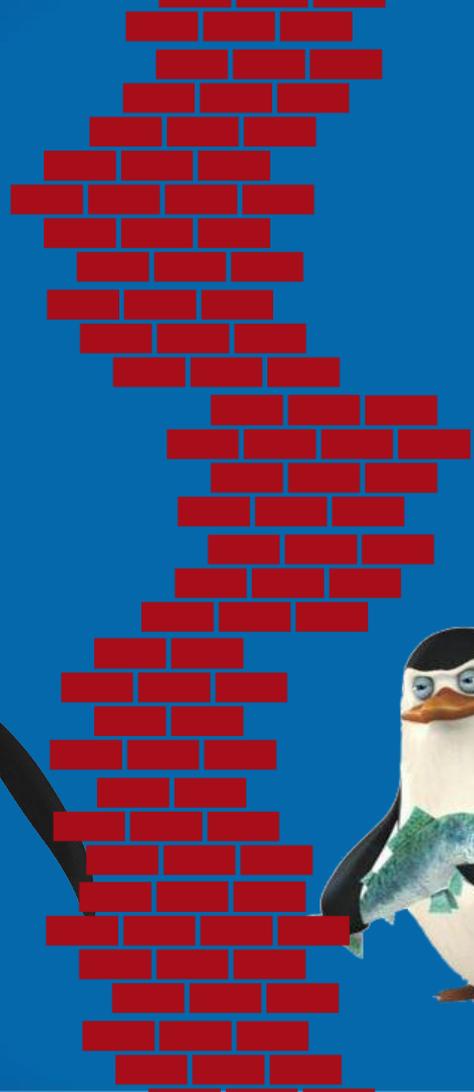

I need a break

I need cars

INFORMATION FLOW IS TERRIBLE

I need new
information
technology

We've got a 5
year plan....

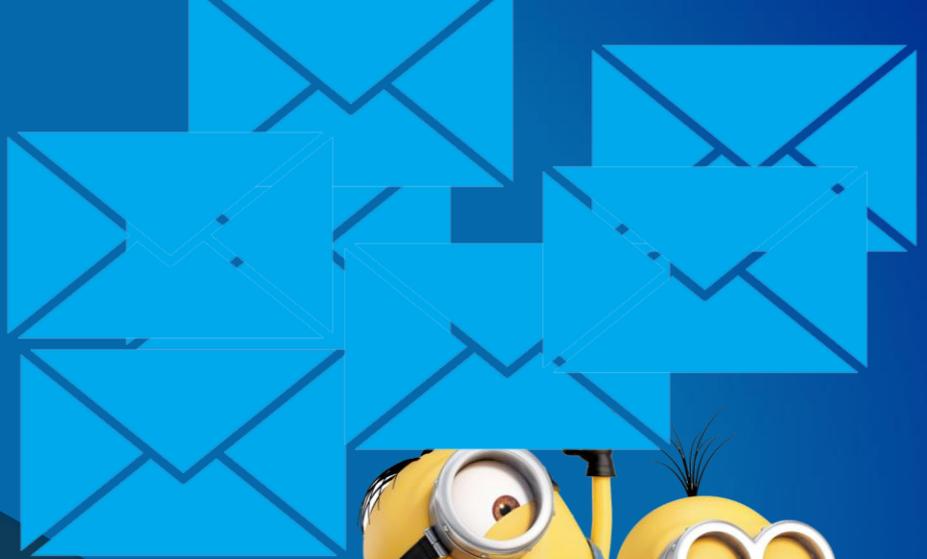

COORDINATING DECISION-MAKING

(impossible)

Vaccine Queen

Department of Refrigerator Affairs

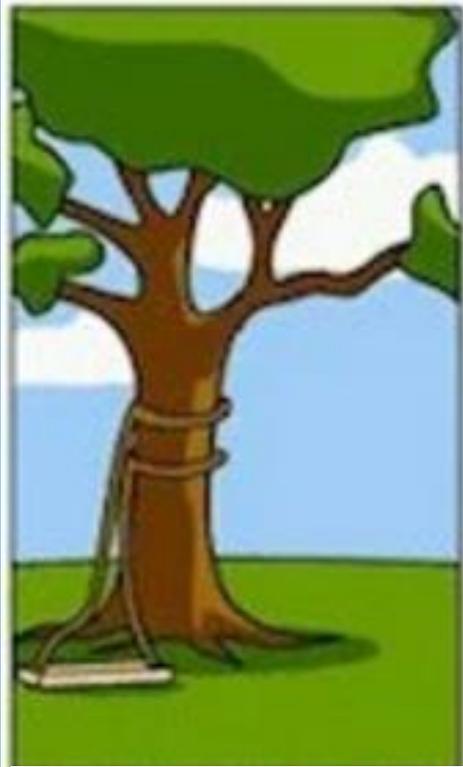

How the supply
chain managers
explained it.

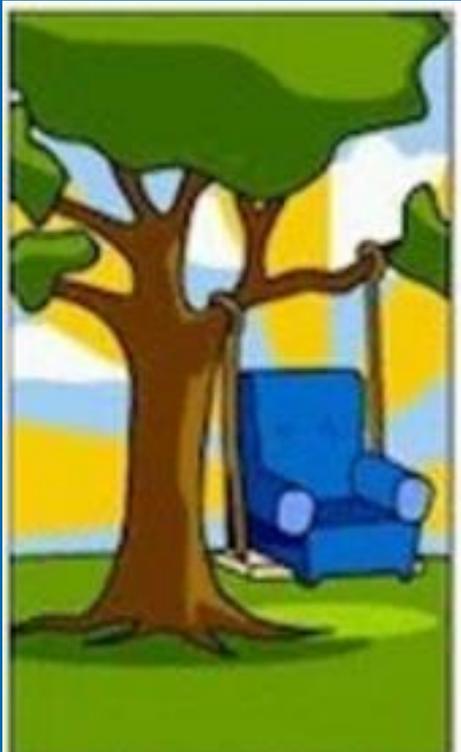

How the warehouse
understood it.

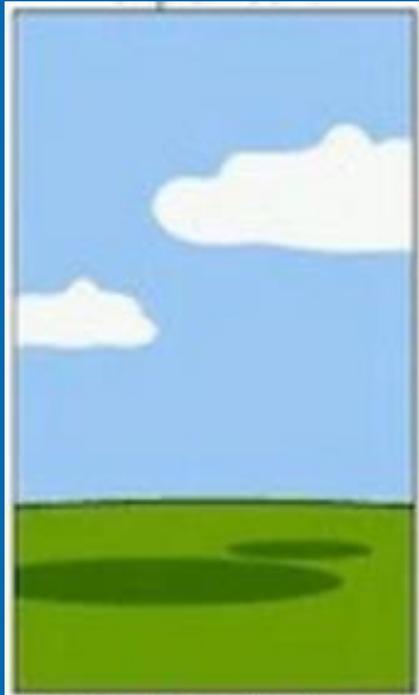

How it was
implemented.

How the information system was set up.

How the partners
described it.

How the project was documented.

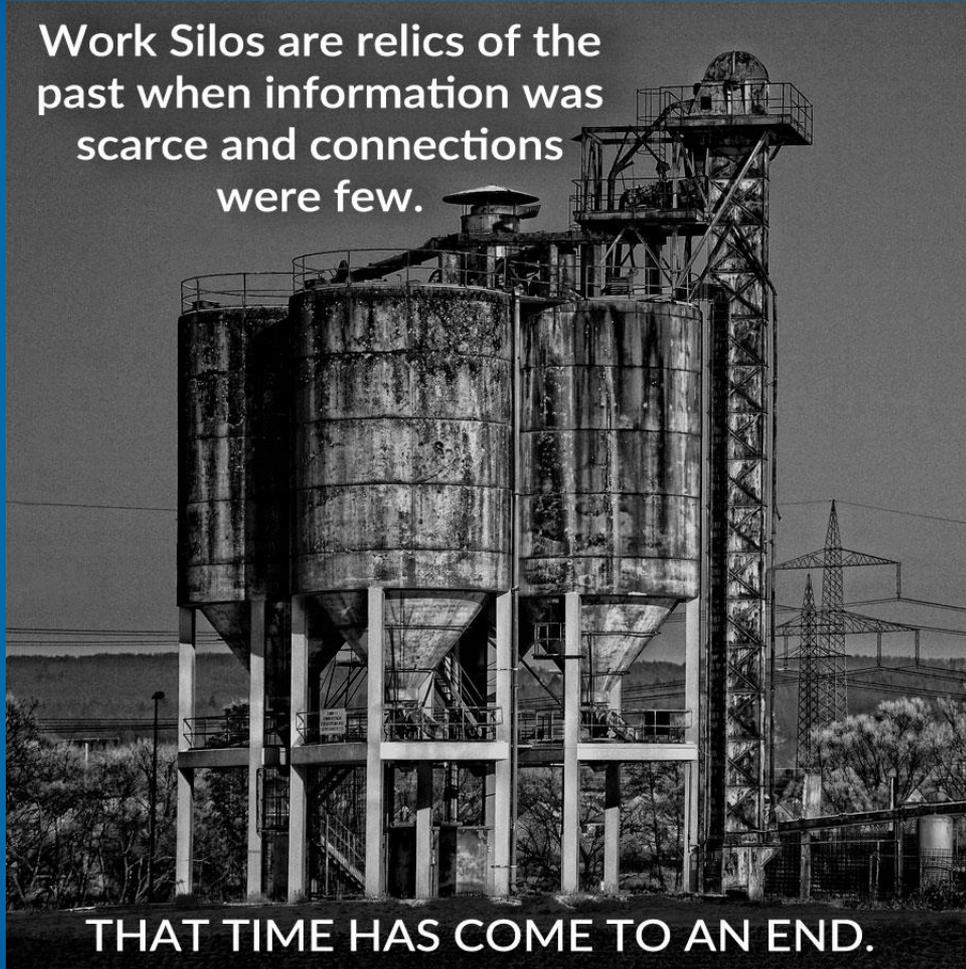

How much it cost.

What the community
really needed

Work Silos are relics of the past when information was scarce and connections were few.

THAT TIME HAS COME TO AN END.

Collaboration

a story of a technical
network

solution **OUTSIDE THE SILO**

Problem definition

Generating internal consensus on the nature of the problem and solutions

Positioning

Portraying the issue in ways that inspire external audiences to act

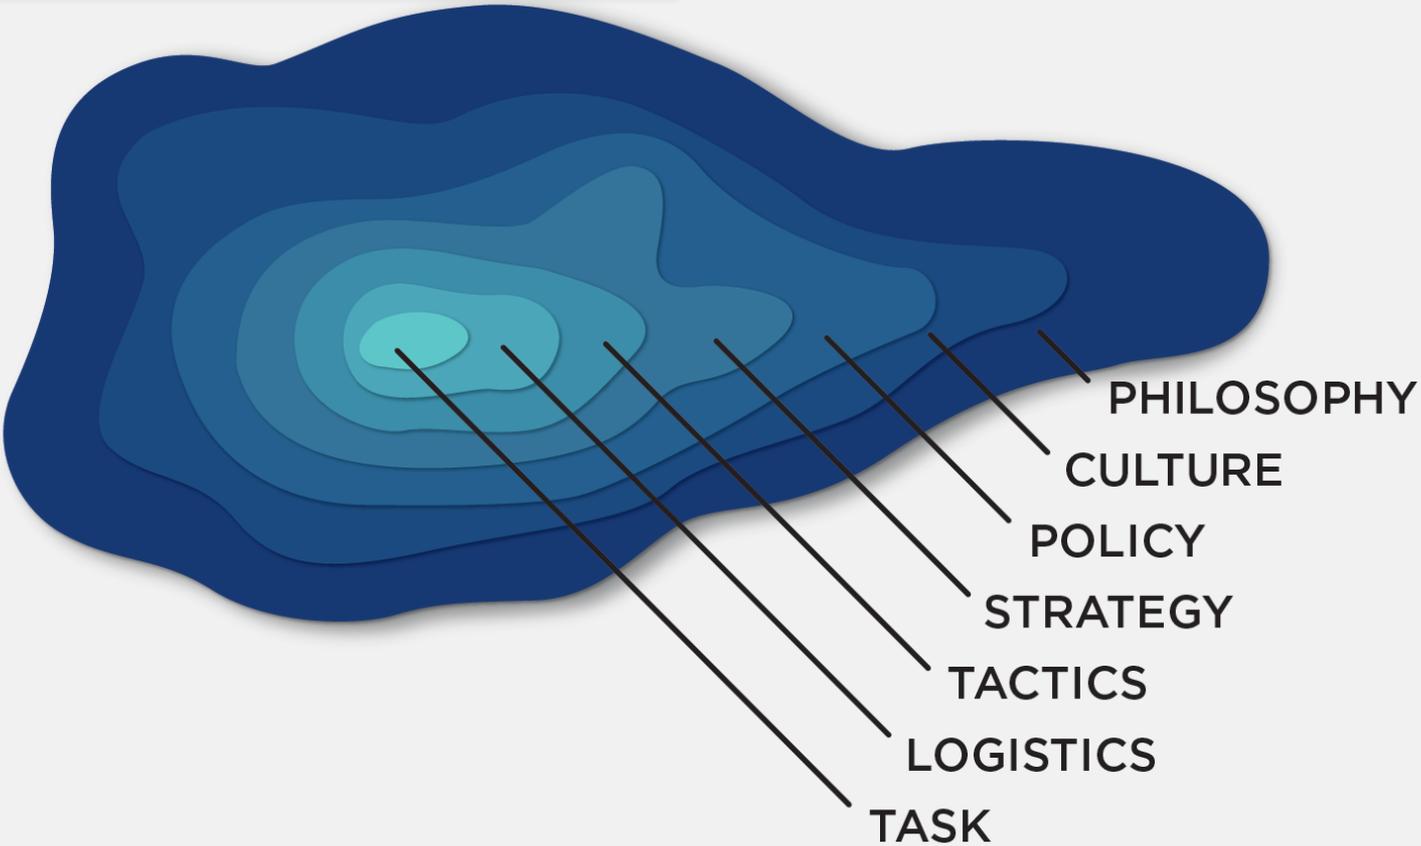

Governance

Establishing institutions to facilitate collective action

Coalition-building

Forging alliances with external actors, particularly ones outside the health sector

towards **A NEW COMPACT**

Are OUR VALUES aligned?
