Leveraging market intelligence for HPV introduction

Johanna Fihman
Technical Officer, Global Access team
World Health Organization

Panel Discussion

Based on discussions thus far during the VPPEF, please discuss the below in your groups:

- Please discuss and highlight what are the main lessons learnt you would like to bring home from this session
- What type of information do you consider most relevant for you and how do you plan to use this moving forward?
- Highlight what you still consider as a challenge in using Market information to inform procurement strategies for NVI or vaccine procurement in general (specific to HPV or not)

Questions and Discussion
